MAY CHARGE MOTHER WITH POISONING BABY

Unless the coroner's chemist can explain several brown stains about the mouth of her dead baby, Mrs. Mabel Stevenson, 39, 121 N. Morgan st., may be taken from the County hospital to be locked up on a charge of putting an end to the infant's life.

The babe came to Mrs. Stevenson as she lay in a cot at the County hospital yesterday. Nurses gave it to her and came back later to find it dead. A bottle in the woman's handbag contained iodine, the police say.
